SKILLS

TECHNICAL SKILLS

Front-End Development

Proficient in building responsive, accessible, and visually consistent user interfaces across web and desktop platforms.

[HTML5](#) | [CSS3](#) | [JavaScript \(ES6+\)](#) | [PHP](#) | [Electron.js](#) | [Responsive Design](#) | [Cross-browser Compatibility](#)

CMS Development

WordPress — Custom theme development and modification, plugin configuration, page builder integration (Elementor, ACF), and site performance optimization.

Shopify — Storefront customization using Shopify Liquid templating, theme editing, custom sections/blocks, metafields, and app integration for e-commerce solutions.

[WordPress](#) | [Shopify Liquid](#) | [Theme Customization](#) | [ACF](#) | [Elementor](#) | [Plugin Integration](#)

Back-End Development — Laravel

Experienced in building full-stack applications using the Laravel framework, including custom admin dashboards, RESTful APIs, and database-driven systems.

[Laravel \(PHP\)](#) | [MVC Architecture](#) | [Eloquent ORM](#) | [MySQL / PostgreSQL](#) | [Blade Templating](#) | [Authentication & Authorization](#) | [Web Ordering System](#) | [Custom Dashboard](#) | [Database Design](#)

FRONT-END FRAMEWORKS

Front-End Framework — ReactJS

Developed dynamic, component-based web applications including interactive dashboards and custom CMS interfaces with efficient state management and API integration.

[ReactJS](#) | [Component Architecture](#) | [Hooks & State Management](#) | [REST API Integration](#) | [Interactive Dashboards](#) | [CMS Interfaces](#)

API Development

Designed and integrated RESTful APIs for web and mobile applications, including third-party service integrations, authentication flows, and data exchange between front-end and back-end systems.

[RESTful API Design](#) | [API Integration](#) | [JSON / XML](#) | [OAuth / Token Auth](#) | [Postman](#) | [Webhook Handling](#)

SEO

Working knowledge of on-page and technical SEO practices to improve search engine visibility and site performance.

[On-Page SEO](#) | [Technical SEO](#) | [Meta Tags & Schema Markup](#) | [Site Speed Optimization](#) | [Google Search Console](#) | [SEO Plugin Configuration](#)

DESIGN & CREATIVE TOOLS

Design & Media

Capable of producing UI mockups, marketing materials, and basic image/video edits to support project delivery and client presentations.

[Figma](#) | [Adobe Photoshop](#) | [Canva](#) | [Image Editing](#) | [Video Editing](#) | [UI Prototyping](#)

PRODUCTIVITY & COLLABORATION

Project Management Tools

[Trello](#) | [Jira](#) | [ClickUp](#) | [Airtable](#)

Office & Productivity

[MS Word](#) | [MS Excel](#) | [MS PowerPoint](#) | [Google Workspace](#)

WORK EXPERIENCE

Accenture — Philippines

Aug 2026 – Present

Advanced App Engineering Analyst

- **ServiceNow Administrator & Developer** — configure, customize, and maintain ServiceNow platform instances, including forms, workflows, business rules, UI policies, and access controls.
- Support **Incident Management** processes, including incident intake, categorization, prioritization, assignment, escalation, and resolution in line with SLAs.
- Work with **Now Assist** (ServiceNow generative AI) capabilities to help streamline ticket handling, summarization, and agent productivity.
- Develop and enhance ServiceNow applications and automations to meet business requirements, collaborating with cross-functional teams and stakeholders.

JIMAC INC. — Philippines

Jan 2024 – Jul 2026

Developer Lead

- Built and launched jimac-inc.com from scratch using WordPress and managed a Shopify store with custom layouts, product configuration, and a smooth e-commerce experience.
- Developed and maintained a client RDMS POS system using PHP (Yii Framework), handling backend features, performance tuning, and ongoing system updates.
- Delivered a full-stack internal platform with a React.js back-office dashboard and a Laravel-based mobile web ordering system with custom REST APIs.

Freelance (Remote)

May 2023 – Dec 2023

Front-End & CMS Developer

- Converted PSD, PDF, and mockup designs into pixel-perfect, responsive landing pages and web pages for international clients across WordPress and Shopify.
- Resolved UI/UX issues and customized site components — banners, CTAs, forms, and multimedia elements — based on client feedback and specifications.
- Delivered clean, cross-browser-compatible builds using HTML, CSS, JavaScript, jQuery, and Bootstrap with consistent fast turnaround.

iPhiTech IT and Digital Solution Corp. — Philippines

Nov 2022 – May 2023

Project Lead

- Introduced Agile workflows and sprint planning that improved team communication and reduced project completion timeframes through better resource allocation.
- Mentored junior developers and coordinated with cross-functional teams to keep deliverables aligned, on time, and within scope.
- Managed the full project lifecycle from requirements gathering and planning through to handoff, documentation, and formal closure.

iPhiTech IT and Digital Solution Corp. — Philippines

Oct 2021 – Nov 2022

Web Developer

- Built responsive WordPress and Shopify sites — translated PSDs and mockups into polished pages using HTML, CSS, JavaScript, jQuery, Bootstrap, and BEM methodology.
- Customized WordPress themes, integrated WooCommerce, configured plugins, and implemented custom sliders (Slick Slider, Owl Carousel, Flickity).
- Applied on-page and technical SEO best practices and developed mobile-first layouts with consistent cross-browser compatibility.

EDUCATION

Bulacan State University — Philippines

Aug 2018 – Sep 2021

Bachelor of Science in Information Technology
